PSP Power Sprayer - SCH PSP
Reference: SCHPSP

£894.51 VAT included

The PSP Power Sprayer is mounted on a three wheel robust tray chassis. The two leading wheels are pneumatic; the rear castor wheel acts as a line marker. The pump is a 12v diaphragm pump powered from its own integral battery. (A charger is supplied with each machine.) A pressure gauge and a bypass regulator are fitted for the hand lance. The pump is run on a pressure system which means that when the spray is shut off the pump shuts down: Open, and the pump restarts. The low to ground four nozzle boom minimises drift and therefore close to edge work can be carried out. A brass trigger lance is supplied for spot spraying etc. The handles are adjustable to suit the operator. A tow bar is supplied with each machine. The average spray time per battery charge is approximately five hours, normal spray use (3.5 hours intermittent) this is for continuous spraying obviously, on/off time, refill and movement actions will enhance overall spray time. Specification Pump delivery: 7L/min (open flow) Higher flow pumps can be fitted on request. Pump pressure: 2.4 bar (max) Capacity: 30 litres Spray width: 915mm (36") Wheel size: 400 x 4 pneumatic Weight empty: 35kg Optional extras include Extension top brass hand lance Delivery hose Wider spray coverage booms Pumps up to 18lpm Spray Boom Cover - This anti drift cover can be fitted around the spray boom to prevent liquid from being subjected to wind drift. The image shows the Spray Boom Cover - please use the drop-down area to choose it. Dribble Bar - The Dribble Bar is an excellent extra for dispensing weed control formulas where drift could be a problem. The image shows the Dribble Bar - please use the drop-down area to choose it.
